

# Mechanical Assembly Technician

 Lunaphore Technologies SA

 Tolochenaz (Vaud), Switzerland

**Job Title: Mechanical Assembly Technician**

**Reports to the: Manufacturing Engineer**

**Activity rate: 100%**

**Type of contract: CDI**

**Start date: November 2021**

**Duration: N/A**

## About our company

Lunaphore Technologies is a young scale-up active in the Life Sciences field developing products based on a microfluidic technology to analyze tissue samples in immuno-oncology research. Lunaphore is seeking a highly motivated candidate to join our team and contribute directly to the development and growth of the company.

## Job overview

To strengthen its Manufacturing department, Lunaphore Technologies SA is looking for a Mechanical Assembly Technician, who will perform assembly and functional tests during the production of Lunaphore's new product, COMET. Production is organized during office hours.

## Responsibilities and duties

- Assembly and test of sub-assemblies combining mechanics, electronics, pneumatics and fluidics.
- Assembly of the complete machines following the working instructions and plans
- Perform in-process controls throughout the assembly process
- Propose improvements to product design to facilitate manufacturing, as well as manufacturing instructions and processes
- Collaborates closely with engineers from Manufacturing and R&D departments.

## Required qualifications

- Holder of a diploma in the field of automation, poly-mechanics, or equivalent sector (CFC, ES technician, BTS ...)
- Proven experience in the assembly of mechanical, pneumatic, electrical and fluidic systems of at least 1 year.
- Strong taste for manual and precise work. Knowledge in the use of machining and 3D printing tools is a plus.

- Good command of technical English. Oral Spanish/French is a plus.
- Knowledge of CAD software is a plus.

### Required soft skills

- Rigorous and reliable, you can follow manufacturing and testing procedures written in English.
- Autonomous, you demonstrate the ability to perform precise and clean work, within the deadlines imposed by the schedule
- Good communicator, you report problems and suggest improvements
- You are open to challenges and know how to adapt to a job offering a wide variety of tasks

### We offer

- A young and strong-growing high-tech company.
- A diverse and international working environment with a strong network.
- A highly interactive team with strong personal and technical qualities.
