

Software Development Intern

 Lunaphore Technologies SA

 Tolochenaz (Vaud), Switzerland

Job title: Software Development Intern

Reports to the: Head of Software Development

Activity rate: 100%

Type of contract: Internship

Start date: October or to be defined

Duration: Minimum 4 months

About our company

Lunaphore Technologies is a young scale-up active in the Life Sciences field developing products based on a microfluidic technology to analyze tissue samples in immuno-oncology research. Lunaphore is seeking a highly motivated candidate to join our team and contribute directly to the development and growth of the company.

Job overview

We are looking for a Software Development Intern for a period of at least 4 months who would contribute to the development of internal tools, proofs of concept & demonstrators and QA activities.

Responsibilities and duties

- Implementing UI components and proofs of concept.
- Maintaining existing internal tools.
- Writing of unit tests.
- Writing and tracking test plans and protocols.

Required qualifications

- Bachelor (completed or ongoing) in Computer Science or IT.
- Good knowledge of a modern programming language (C#, Java, etc...).
- Familiarity with unit testing.
- Understanding of common design patterns.

We offer

- A young and strong-growing high-tech company.
- A diverse and international working environment with a strong network.
- A highly interactive team with strong personal and technical qualities.

How to apply

Send your complete application through human.resources@lunaphore.com

Applications from Non-EU/EFTA nationality holders

Non-EU/EFTA nationals are subjected to restrictions/conditions from the Swiss government. For this reason, we will privilege CH/EU/EFTA candidates.
