

## Team Leader Sustaining

 Lunaphore Technologies SA

 Tolochenaz (Vaud), Switzerland

**Job title:** Team Leader Sustaining

**Reports to the:** VP Instrument Development

**Activity rate:** 100 %

**Type of contract:** Permanent

**Start date:** Asap

**Duration:** Permanent

### About our company

Lunaphore Technologies is a company born with the vision of accelerating cancer research, by making spatial biology mainstream in every research laboratory. We build solutions that simplify technology adoption for discovery and translational research laboratories and empower researchers to develop better targeted treatments for cancer and other diseases. Lunaphore is seeking a highly motivated candidate to join our team and contribute directly to the development and growth of the company.

### Job overview

We are looking for a 'Team Leader Sustaining' to strengthen our Research and Development team. The key mission is to lead a small team of engineers responsible for the design maintenance and improvement of the Lunaphore instruments and consumables.

### Responsibilities and duties

- Lead a small team of R&D sustaining engineers and interns (1 to 3 people) responsible for the design maintenance and improvement of the Lunaphore instruments and consumables.
- Set objectives for the team members, assign them to the projects following priorities and report progress to the VP Instrument Development
- Manage the relationship with the manufacturing partners on a technical level and ensure the design changes are correctly implemented.
- Analyze, design, implement and test design changes on existing instruments and consumable microfluidic chips
- Create and update design control documentation in collaboration with the Quality Department.
- Conduct technical investigation in order to increase the company know-how and to suggest product improvements.

### Required qualifications

- A validated experience of at least 5 years in a similar position.
- MSc. Or PhD in mechanics, microtechnology, biomedical engineering, or a similar field.
- Experience in leading a small team is a strong plus.
- Proficiency in English (at least C1).

### Required soft skills

- Organizational skills and attention to detail.
- Leadership and ability to work in a team.
- Capacity to adapt in a constantly changing environment.

### We offer

- A young and strong-growing high-tech company.
- A diverse and international working environment with a strong network.
- A highly interactive team with strong personal and technical qualities.
